

Adirondack Lakes Alliance
2019 Annual Symposium

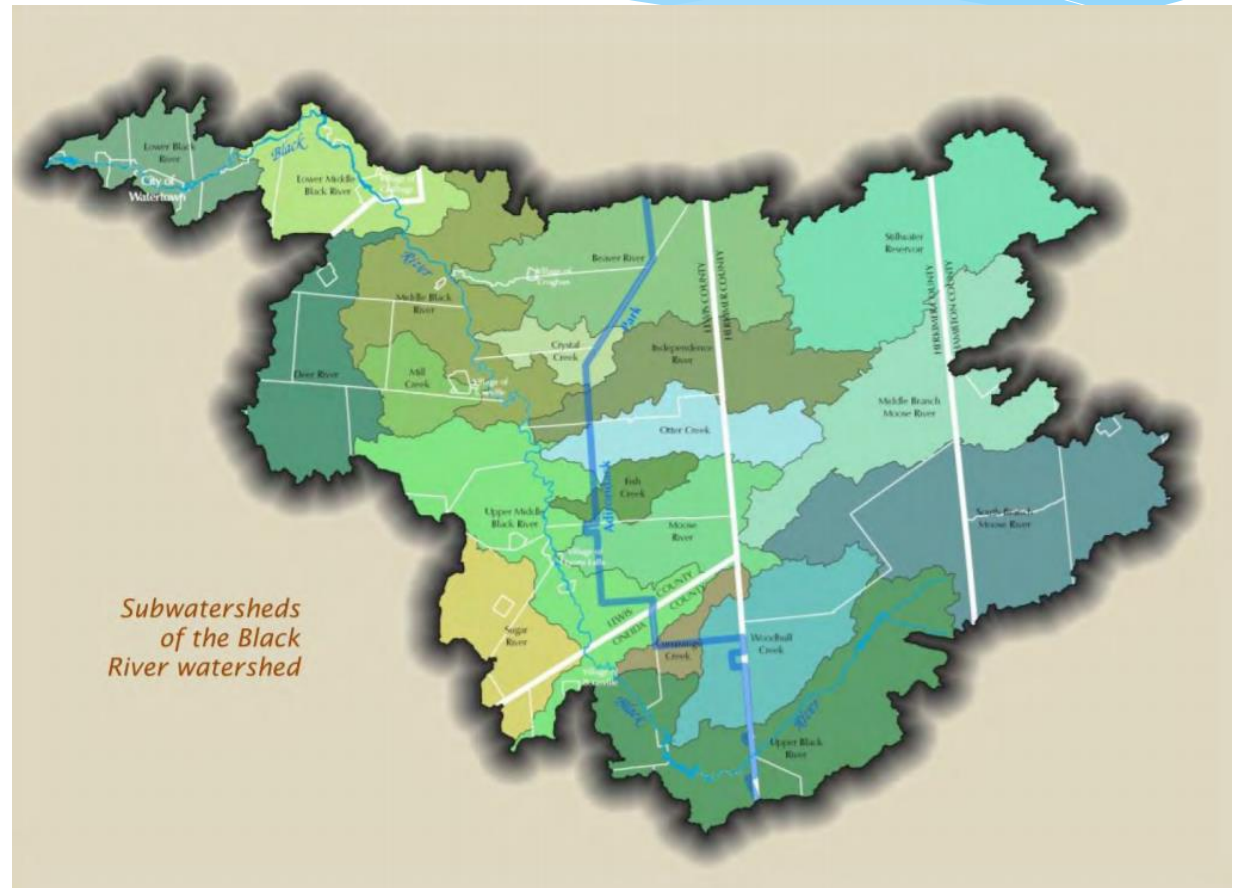

Adirondack Watershed Organizations

Black River

Black River Watershed Steering Committee

The purpose of the Watershed Management Plan is to examine the natural and built environments, identify those factors negatively impacting water quality and make recommendations to mitigate those measures.

Background – Key Players

- * NYS Tug Hill Commission
- * Lewis, Jefferson, Hamilton, Herkimer and Oneida County Soil & Water Conservation District
- * NYSDEC
- * Town of Greig

Municipality list

Hamilton County

Town of Arietta
Town of Inlet
Town of Lake Pleasant
Town of Long Lake
Town of Morehouse
Village of Speculator

Herkimer County

Town of Ohio
Town of Russia
Town of Webb

Jefferson County

City of Watertown
Town of Brownville
Town of Champion
Town of Hounsfield
Town of Le Ray
Town of Pamela
Town of Rutland
Town of Watertown
Town of Wilna
Town of Worth
Village of Black River
Village of Brownville
Village of Carthage
Village of Deferiet
Village of Dexter
Village of Glen Park
Village of Herrings
Village of West Carthage

Lewis County

Town of Croghan
Town of Denmark
Town of Greig
Town of Harrisburg
Town of Lewis
Town of Leyden
Town of Lowville
Town of Lyonsdale
Town of Martinsburg
Town of Montague
Town of New Bremen
Town of Pinckney
Town of Turin
Town of Watson
Town of West Turin
Village of Castorland
Village of Constableville
Village of Copenhagen
Village of Croghan
Village of Lowville
Village of Lyons Falls
Village of Port Leyden
Village of Turin

Oneida County

Town of Ava
Town of Boonville
Town of Forestport
Town of Remsen
Town of Steuben
Village of Boonville

Projects and Programs

- * 37 Municipalities Signed on to Inter-municipal Agreement
- * Black River Watershed Conference
- * Black River Trash Bash - Applied for funding through the Black River Advisory Council (Tools for shoreline cleanup, Reusable Grocery Totes, Reusable Water Bottles)
- * Completed 9 Element Plan
- * Goals:
 - * Formalize Coalition of Districts
 - * Hire a Watershed Coordinator
 - * Update Watershed Management Plan

Champlain

Champlain Watershed Improvement Coalition of New York

Providing a coordinated effort to improve water quality and other natural resources within the New York State Lake Champlain counties through project implementation.

Lake Champlain
Watershed in New York

Background

Recognizing the need for more water quality improvement initiatives on the New York side of Lake Champlain, the five New York counties within the basin formed the Champlain Watershed Improvement Coalition of New York, Inc. (CWICNY).

With representatives from the five county Soil and Water Conservation Districts, the five county Water Quality Coordinating Committees, and the Lake Champlain/Lake George Regional Planning Board, CWICNY goes beyond political boundaries and incorporates public sector/private citizen partnerships to complete projects good for the watershed as a whole.

Municipalities

Altona	Harrietstown
Au Sable	Hartford
Beekmantown	Keene
Black Brook	Kingsbury
Bolton	Lake George
Brighton	Lewis
Champlain	Mooers
Chazy	Moriah
Chesterfield	North Elba
Clinton	Peru
Crown Point	Plattsburgh
Dannemora	Putnam
Dresden	Queensbury
Elizabethtown	Santa Clara
Ellenburg	Saranac
Essex	Schuyler Falls
Fort Ann	St Armand
Franklin	Ticonderoga
Glens Falls	Westport
Granville	Whitehall
Hague	Willsboro
Hampton	Wilmington

Projects and Programs

- * Salt Reduction Trainings
- * Realtor Educational Trainings
- * Septic Outreach and Education Trainings
- * Rainwater Harvesting and Irrigation
- * Nonpoint Source Sub Watershed Assessment
- * Roadside Erosion Assessments and the Rural Roads Active Management Program (RRAMP)
- * NAACC Assessments
- * EM River at the New York State Fair and various Watershed events
- * Cover Cropping
- * Legislative Tours
- * Hydroseeding
- * North Country Stormwater Tradeshow
- * Stormwater BMPS's and Green Infra-Structure Practices

RURAL ROADS ACTIVE MANAGEMENT PROGRAM (RRAMP)

For the municipalities located in
the Lake Champlain Watershed of New York

A Best Management Practices (BMP) publication
of the Champlain Watershed Improvement Coalition of New York (CWICNY)

CHAMPLAIN WATERSHED
IMPROVEMENT COALITION OF NEW YORK
CLINTON | ESSEX | FRANKLIN | WARREN | WASHINGTON | COUNTIES

Mohawk

- * To implement conservation initiatives that protect, promote and enhance the natural resources of the Mohawk River Watershed in partnership with local, state and federal stakeholders.
- * The coalition is composed of 14 Soil and Water Conservation Districts.

Projects and Programs

- * **Development of a Watershed Restoration Plan with NYS DOS funding .**
 - * **The Main Focuses of MRWP are:**
 - * Protect and restore the quality and ecological function of water resources.
 - * Protect and enhance natural hydrologic processes.
 - * Promote flood hazard risk reduction and enhanced flood resilience.
 - * Protect, restore, and enhance fish and wildlife habitat.
 - * Revitalize communities and waterfronts and adopt Smart Growth land use practices.
 - * Promote agriculture and other working landscapes.
 - * Increase watershed awareness.

Caroga and Canada Lakes' Boat Inspection and Wash Station

This project was funded by the Department of State under Title 11 of the Environmental Protection Fund.

The boat inspection and wash station consists of a U-shaped driveway for traffic ease. A structure was built to house the hot water pressure washer and all other equipment. During the boating season a lake steward is on site to educate visitors and complete the voluntary inspection.

In 2018, there were 2206 boats inspected, 113 decontaminations, 12 boats with Aquatic Invasive Species. Of which 10 cases were Eurasian Water Milfoil and 2 cases of Zebra Mussels. Over 4,000 visitors educated.
